NASSER STILL HOLDING OUT AGAINST PLAN

London, (P)—The Western Big Three met today to decide how to confront Egypt with their Suez Canal plan, backed by 17 of the 22 nations at the London conference. There was no indication President Nasser of Egypt would accept their proposal despite its solid backing. It calls for international control of the waterway he seized last month. Secretary of State Dulles first met for 40 minutes with V. K. Krishna Menon of India, whose rival plan leaving Egypt in control of the canal won support from only four nations assembled here. One nation is undecided. Then Dulles conferred with Foreign Secretary Selwyn Lloyd of Britain and Foreign Minister Christian Pineau of France.

London (P)—The Suez Canal conference today neared its close with 17 of the 22 nations endorsing the Western Big Three's proposal to put the vital waterway under international control. But there was no prospect that Egyptian President Nasser would agree.

Instead it appeared the best that Britain, France and the United States could hope for — without fighting — would be Egyptian acceptance of India's plan for an international group to give advice only to the Egyptian canal management.

In brief, this was the outcome of the weeklong conference:

Seventeen nations endorsed the proposal presented by U. S. Secretary of State Dulles for an international group to give advice only to the Egyptian canal management.

Warren Man Named To Head District Council of Legion

Al Buerkle, this year's retiring commander of Warren American Legion Post 155, was elected commander of Warren-Forest County Council, American Legion, at a meeting last night.

Selected to fill the vice commander's position was Angelo De-tonio of Kinzua Post 747. He also chaired the meeting at the local Legion as outgoing commander.

Other officers elected were Robert Hunzinger of Sugar Grove American Legion Post, county adjutant, and finance officer; and Carlton Olson of the Youngsville Post, chaplain.

Guests at the meeting included Francis Mason and Russell Miller of Sharon, who serve respectively as 28th District Commander and District Adjutant.

Plans for a possible countywide installation of post and county officers were discussed. Details are to be worked out by the new county commander and vice commander. Tentative proposals call for holding the joint installations in the Warren Legion on September 22.

Comparison of Major Issues in Platforms of Two Parties

San Francisco (P)—Here is a comparison of the Republican and Democratic platforms on major issues—the Republican planks as proposed by the Platform Committee for adoption by convention:

Foreign Policy

Republican—Says Eisenhower policies have helped check the threat of global war and advance of communism. Endorses collective security system as basis of U. S. foreign policy. Opposes seat in United Nations for Red China. Urges impartial friendship for Israel and her Arab neighbors but promises support to maintain an independent Israel.

Democratic—Charges Eisenhower administration has followed policy of "bluster and bluff" in foreign affairs with result country has lost world leadership and anti-Americanism grows abroad. Promises to sell defense weapons to Israel. Declares true nonpartisanship needed in conduct of foreign affairs. Also opposes seat for Red China in U. N.

Taxation and Fiscal

Republican—Promises tax cuts particularly for low and middle income families and small business—insofar as balanced budget permits. Also pledges further reductions in government spending and maintenance of a "sound" dollar.

Democratic—Favors increase in personal tax exemption from present \$600 to \$800. Also favors tax adjustments for small business, promises to reduce interest charges paid on national debt.

Civil Rights

Republican—Accepts Supreme Court decision outlawing racial segregation in public schools and concurs in court's conclusion that it should be carried out with "all deliberate speed." Opposes use of force or violence to settle the issue. Calls on government to support the court "in every legal means" to bring about end of segregation.

Stranger Foiled in Effort To Sway Pennsylvania Delegates

San Francisco (P)—A stranger approached some Pennsylvania delegates in yesterday's session of the Republican National Convention in an attempt to dent the solid backing of the state's 70-vote delegation for Vice President Nixon.

The surprise maneuver went for naught. Today, as the convention's big hour approached, the delegation showed not the slightest sign of wavering from its intention to give Nixon the same unanimous endorsement it has planned for Pennsylvania's best known citizen, Dwight D. Eisenhower.

Yesterday's incident occurred during a brief lull in the convention proceedings. A man who had been sitting in the Massachusetts section, which is just in front of the Pennsylvania seats, got up and approached some of the Pennsylvanians.

BONAVITA REPORTS!

Attorney Samuel Bonavita, attending the Republican convention in San Francisco as a representative of the Young Republican Federation, called Mrs. Bonavita today to make a brief report on happenings there. He said the delegation was split about half and half on the Civil Rights plank of the platform but later agreed to go along with it, although it was apparent there was some dissension. He also reported that Governor Christian A. Herter of Massachusetts, boomed by Stassen, for second place on the ticket, instead of Nixon, is wearing a Nixon button. Bonavita said the arrival of the President has pepped up the convention materially. He is planning to fly home Sunday.

"He had an envelope in his hands," John M. Salerno, a delegate from Philadelphia, reported. "He asked us how we felt about Herter."

"We told him we were all for Nixon," Salerno said. "He expressed surprise that in such a large delegation as ours there

Wagner Says He Is Not Interested in The Senatorial Seat

New York (P)—Senator Herbert H. Lehman (D-NY), a liberal pillar of the Democratic party for a generation, will return to private life at the end of the year.

The 78-year-old senator announced yesterday "with a very heavy heart" that he would not seek re-election in November. He said he is "in the best of health" but not up to the rigors of another campaign.

He said his own choice as a successor is Mayor Robert F. Wagner of New York City. But the mayor said he is "not a candidate" for the post. There were indications, however, that he might be persuaded to change his mind.

Both parties will nominate senatorial candidates at state party meetings next month.

Lehman's last public appearance before yesterday's announcement was at the Democratic National Convention in Chicago. He and Wagner worked for the nomination of Adlai E. Stevenson as the party's presidential candidate.

Lehman said he would campaign actively in the state and elsewhere for Stevenson this fall.

A wealthy investment banker, Lehman was elected to the Senate in 1949 to fill the unexpired term of the late Sen. Robert F. Wagner (D-NY), father of New York's present mayor. Lehman defeated John Foster Dulles, now Republican secretary of state, in the 1949 contest.

Mississippi Democrats Lining Up for the Ticket

Jackson, Miss. (P)—Senator James Eastland and John Stennis of Mississippi have joined Gov. J. P. Coleman in saying they will support the Democratic national ticket.

Along with similar statements by other Mississippi Democratic leaders, this seemed today to bar the likelihood of a re-called state convention and the attendant danger of a party bolt.

Coleman disclosed further that presidential nominee Adlai Stevenson has been invited to campaign in Mississippi.

"The statements by the two senators yesterday were cautiously worded and, like Coleman, did not refer to vice presidential nominee Estes Kefauver.

Grand Old Man Addresses Delegates

Rep. Joseph Martin (Mass.), permanent chairman of the GOP convention, raises the arm of former President Herbert Hoover last night after the latter addressed the convention. Hoover, the 82-year-old Grand Old Man of the Grand Old Party, delivered what he called his "third farewell address" to a GOP convention. (NEA photo).

Rousing Reception Given Kefauver in His Old Home Town

Madisonville, Tenn. (P)—Sen. Estes Kefauver, the Democratic vice presidential nominee, came home yesterday to a rousing reception by some 5,000 persons from the Republican strongholds of Monroe County and east Tennessee.

Party lines were erased, at least temporarily, as the crowd swarmed on the lawn of the Monroe County Courthouse to hear the town's most famous son deliver a short "nonpolitical" address.

Gay flags and bunting were plentiful along the streets of Madisonville, a town nestled in the shadow of the Great Smoky Mountains, and pictures of Kefauver marked most store windows.

The senator spent 55 minutes after his talk shaking hands and signing autographs.

Prior to the reception, he visited his father Robert Cooke Kefauver, 85, who has been confined to bed at the family home near here with influenza.

Kefauver told his reception audience that another Republican victory would endanger the Tennessee Valley Authority.

\$100,000 Suit Against Estate of Movie Actor

Los Angeles, (P)—A \$100,000 suit has been filed against the estate of movie actor James Dean, who was killed in the crash of his sports car near Paso Robles, Calif., last Sept. 30.

Rolf Wuertherich, racing car mechanic who was seriously hurt in the accident, charged Dean was driving too fast and with "wanting disregard" for the safety of his passenger. Wuertherich said his jaw and hip were broken in the crash that involved the auto of Harold Turnpseed, who was not included as a defendant.

Veep Rushes to Bedside of His Father Reported Critically Ill

San Francisco (P)—Vice President Nixon left his Republican Convention headquarters early today to fly to the bedside of his stricken father at Whittier, Calif.

Nixon was notified by his brother, Don, shortly before 7 a. m. (9 a. m. EST) that the family physician had telephoned with news that their father was in critical condition.

The vice president, considered certain to be renominated at the convention today, immediately made reservations on United Air Lines Flight 682 leaving at 8 a. m., and arriving in Los Angeles at 9:40 a. m. His brother and their wives are accompanying them. Whittier is about 15 miles east of Los Angeles.

United Air Lines held the flight while Nixon sped to the airport. The plane left at 8:19 a. m. PDT.

Whittier, Calif. (P)—Frank Nixon, 77, father of Vice President Richard M. Nixon, suffered a ruptured vein in his stomach today and is in critical condition, the family physician reported.

The elder Nixon has been bedridden recently suffering from what was described as a recurrence of a stomach ailment. There was hemorrhaging from stomach ulcers and he was given transfusions.

Later he was released and brought home, where he has been bedridden.

The vice president visited him overnight en route to the convention at San Francisco.

The elder Nixon, a Quaker, came to California from Ohio in 1906. He was married to Hannah Milhouse in 1908.

His first job in California was a streetcar motorman in Los Angeles. Then he became a citrus rancher.

He built a gasoline filling station at Whittier, later adding a general store.

PRESQUE ISLE PROJECT

Harrisburg (P)—The Forests and Waters Department will receive bids Aug. 31 for a project to move 250,000 cubic yards of fill on Presque Isle Peninsula on Lake Erie. The department said the fill will provide space for an additional two-lane road on the bay side of the peninsula. It will also strengthen the area against lake erosion. The fill was obtained by hydraulic dredging.

BIDS ASKED FOR

Harrisburg, (P)—The Highway Department today fixed Sept. 14 for opening of bids on this project:

Southwest Twp. Shooting Incident To Be Aired Tonight

A hearing on charges they obstructed justice will be given Gladys and Milo Robishaw of Southwest Township when they appear this evening before Peace Justice R. H. Williams.

The two were arrested August 6 after a melee with Constable Manfred Vroman, 34, who had come to arrest their son, Albert Milo Robishaw, Jr. The episode climaxed when Vroman shot the young man in the thigh, shattering the bone.

The younger Robishaw is still in Titusville Hospital.

The constable has stated parents of the wanted man charged him when he came to the porch of their home with a warrant for their son. The arrest warrant charged Robishaw with theft of some property from Tracy's Store. The store owner had sworn out the warrant.

According to Vroman's story, the parents of the boy attacked him and shoved him off their porch when he refused to read the warrant as they demanded.

Then, in a free-wheeling fight, both Mr. and Mrs. Robishaw were cut up enough to be treated at the hospital.

The constable said he shot because he believed Albert Milo might be armed.

State C. of C. Officials Inspect 28th Division

Capping a day-long inspection program was the daily retreat parade by the 110th infantry regiment, of Washington.

PRESIDENT TAKES COMMAND AMID INDICATIONS HE WILL CEMENT CHOICE FOR NIXON

By WILLIAM T. PEACOCK AND JACK BELL
San Francisco, (AP)—President Eisenhower talked politics today with GOP National Chairman Leonard Hall as the Republican National Convention made ready to renominate the President for a second term. Hall came away with these pronouncements:

1. Eisenhower "hopes it will be an open convention."
2. Vice President Richard M. Nixon is still "perfectly acceptable" as a running mate.
3. Eisenhower "will not discuss any other nominees for the vice presidency."

Nixon himself had flown away to Whittier, Calif., where his 77-year-old father, Frank Nixon, was reported to be critically ill.

What change this might make in convention plans was for the moment an unanswered question.

The delegates to this 100th anniversary GOP gathering were all set to renominate Nixon, and Hall said that for the moment, anyway, the convention would go ahead as planned.

He said he couldn't say, however, whether the elder Nixon's illness would interfere with plans for the vice president to make an acceptance speech of his renomination tomorrow night when the convention is to wind up.

Eisenhower talked with Nixon by telephone.

Hall said the President expressed wishes of all Americans for the quick recovery of Nixon's father.

Hall said there would be convention roll calls for both the presidential and vice presidential nominations.

A rule adopted yesterday barred nominations by acclamation.

Hall said that under convention rules anyone could be nominated against Nixon and that delegates were free to cast votes for others than Nixon even if Nixon's was the only name put before the convention.

Hall was asked whether Eisenhower was "fighting mad" over charges against his administration made during the recent Democratic convention at Chicago. The President had been pictured in published reports as angry over what he had seen of the Democratic gathering on television.

"I have never seen the President when he was fighting mad," Hall said, "and he certainly didn't appear that way this morning."

Hall had breakfast with Eisenhower. Through the morning, the President was receiving a string of other Republican leaders.

Eisenhower himself is certain to be renominated unanimously at the convention session late today.

Immediately after that, the delegates will choose the vice presidential nominee.

Eisenhower had no known plans to visit the convention hall until his acceptance address tomorrow night.

But his influence was all-encompassing.

Stassen, on leave as the President's assistant on disarmament, asked permission to address the party convention today after it renominates Eisenhower and before the roll of states is called on the vice presidential nomination. There was considerable doubt he would get it.

Stassen is not a delegate and under the rules could not address the convention except by unanimous consent.

Accomplishments of The Administration Lauded by Cabinet

San Francisco (P)—Eisenhower administration Cabinet officers paraded before the Republican National Convention last night to tell the delegates—and the nation—what had been done for the country over the past 3½ years.

But President Eisenhower's arrival here claimed the full attention of the television cameras, and left most of the Cabinet members talking to a comparatively scanty audience in the Cow Palace.

Introduced by Sherman Adams, Eisenhower's top aide, Undersecretary of State Herbert Hoover Jr. led off by reading a message from Secretary Dulles, who is in London for the Suez conference.

Dulles, the only Cabinet member not here, said the "hard and continuing struggle" against communism "needs the leadership of President Eisenhower."

Next up was Secretary of the Treasury Humphrey—but before he began to speak, Eisenhower's

Seneca Indians To Hold Ceremonial Saturday Afternoon

We are indebted to Herbert R. Williams, Corydon, R.D., for a reminder that the Seneca Indians will perform dances and adoption ceremonies of whites into the Tribe next Saturday.

These events are scheduled as a feature of the annual all-day program to be held by the Senecas of the Allegheny Reservation in Williams' Grove, two miles south of Corydon on Route 346, Saturday.

Dick Johnnyjohn (Chief Running Deer) of Salamanca, will lead the ten dancers and will also be in charge of the adoption ceremonies in the afternoon.

There will also be other Indian ceremonial dances and singing during the program that is to begin at eleven o'clock in the morning and continue until evening.

Persons interested in being adopted into the Tribe should present themselves to those in charge.

Convention Roars Approval of Hoover Declaration of Faith

San Francisco, (P)—Herbert Hoover, the only living Republican ex-president, yesterday counseled the GOP to adopt a "resounding" declaration that "America shall safeguard the freedom of men."

Then, after the 82-year-old party elder left the platform amid echoing cheers, the Republican National Convention roared its approval of such a "declaration of faith," and the GOP campaign platform of which it is a part.

The declaration spells out GOP aims as safeguarding free institutions, maintaining world peace and building dynamic prosperity at home.

"Our government was created by the people for all the people, and it must serve no less a purpose," the party statement said.

The delegates gave Hoover an affectionate five-minute ovation,

exuberant Young Republicans parading past the lecture with banners carrying such sentiments as "We Love You, Mr. Hoover."

This was the seventh GOP convention that Hoover has addressed and he got a gold medal in recognition of his service to the party.

In his speech, Hoover told the delegates that:

"If you face the truth that we are in a critical battle to safeguard our nation and civilization . . . then you will be guided step by step to restore the foundations of right thinking, of morals and faith throughout the world."

"Then you will issue as pure a note in as full a tone as that call to arms given by your political ancestors at your convention of 100 years ago—that America shall safeguard the freedom of men."

SWABBOH—Sailors of the U.S. Sixth Fleet rock to the cadence of the "USS Salem's Hymn" as they perform a drill on the deck of the fleet flagship, while a boatswain's mate in charge of the group throws on fresh soap water. Seventy-five strokes are applied to each plank, while the numerical lyrics of the chant provide the count.

WITH OUR BOYS AT INDIANTOWN GAP

Third Battalion, 112th Infantry Regiment—Friday, August 17, 1956 All we can say is they tried. Company L's drill team represented the Third Battalion in the Regimental competition and was nosed out this evening. The Third Battalion quadrangle was the scene and troops from the whole regiment lined the sides while four drill teams from the three Battalions and special units vied for top honors. It was a heartbreaker to lose to the Second Battalion drill team by a score of 88 points to 86 points but that's the final result.

We should not feel ashamed because when we look at the overall picture Company L's team stands second out of nineteen teams in our entire Regiment. This comes from long and hard practice and the folks at home undoubtedly have seen this squad practicing all summer to sharpen up their drills for the competitions at camp in August. The drill team is to be highly commended for their showing.

The Second Battalion team from Company H at Erie will now be entered to represent the 112th Infantry Regiment in Division competition for the coming week and we are all going to give them our moral support in the hope that they can come out as division champs.

The day's training had pistol men from the Battalion on the range, Company K's officers and men operating the transition range and the rest of the Battalion running through scouting and patrolling problems.

The weather to date has been very hot during the day but surprisingly cool at night. The men are taking it all in stride and the complaints are at a minimum.

Visitors from home started arriving this afternoon and it is expected that a large delegation will be on hand by tomorrow to visit for the weekend.

Recruits are still at their basic training here at the "Gap" and this is considered very important in their indoctrination into the National Guard and the Army way of life. Instructors from the Third Battalion for recruits include: Lt. Nachway, St. Marys; Lt. Mahan, Warren; SFC Wells, Bradford; SFC McKenna, Kane; Sgt. Barrett, Warren; Sgt. Christensen, Warren; Sgt. Cima, Kane; Sgt. Colson, Ridgway; and Cpl. O'Rourke, Kane.

Training today for the other men was firing on the carbine, bar and M-1 ranges by all companies.

Pictured above are Capt. Kays, of Warren, and Capt. Maines, of Clarendon, watching training of Company L, of Warren, in the Field, at Indiantown Gap Military Reservation.

and squad and section tactics by Company M from Kane. Company M's weapons consist of heavy machine guns, 81MM mortars and at present 75MM recoilless rifles. These are all heavy pieces of equipment and these men received a good workout carrying their weapons into positions concealed from the enemy forces although they would be able to bring are on the enemy's position.

Major Gen Carter, deputy chief of staff for civilian components in the Second Army area, and his official party inspected range firing and Company M's tactics training. General Stewart, commander of the Pennsylvania Military District, and General Kemp, assistant Division Commander, also visited the Third Battalion training during the day.

This evening the nine man drill squad competition was held. The judges from the Battalion staff chose the drill squad from Company L of Ridgway to represent the Third Battalion in the Regimental competition to be held at a later date. Results of that competition will be made known in a later release.

Following the competition the Battalion practiced marching in a massed formation to the beat of a snare drum in the able hands of M/Sgt. Bill Laughner of Ridgway. There will be a Regimental retreat parade Thursday evening which should prove to be a very impressive ceremony. It is something that a soldier long remembers and undoubtedly veterans can remember the past retreat parades and reviews they took part in. Carl H. A. Olson, Capt., Inf, Bn. P10.

RAILROADER FOUND DEAD

LaVern Moffitt, 65, of Corry, RD 1, a Pennsylvania Railroad track laborer, was found dead in Corry at 3:45 p. m. Friday in his shack on West Main street. He had been dead about two weeks and the body had deteriorated badly, State Police from the subdivision reported. The discovery was made by a PRR foreman who came to call him back to work. The railroader had been furloughed a few weeks ago. The foreman broke down the door to the shack when he received no answer. Preliminary reports indicate that his death was from natural causes.

DROWNING AT EAST OTTO

A three-year-old East Otto, N. Y., boy slipped and fell into East Otto Creek there Sunday afternoon, drowning before his father and uncle could rescue him. Robert Bartlett, son of Harold and Alice Bartlett, of East Otto, was pronounced dead on arrival at Charles Hospital in nearby Springville. The child's father told Springville police and Cattaraugus County sheriff's deputies the child apparently had fallen into the stream while playing along its banks. An uncle, Lloyd Glow, recovered the body. East Otto volunteer firemen administered artificial respiration but were unable to revive the child. Undersheriff Robert Mills and Deputy Charles Donahue investigated.

Of this number, between five and seven million are enrolled in public school programs for adult learning. Nationwide, the states of California, New York, Pennsylvania and Michigan offer the best developed and most comprehensive public programs. California alone enrolls approximately 10 per cent of its total population in adult education, sponsored by the public schools.

Booming Populations To Swell Classrooms to Overflowing in Rural Schools of the County

A record number of 5,318 pupils is expected to pack schools throughout Warren County on September 4 as booming populations swell classrooms to overflowing. The estimated figure was released by John Mallory, Jr., county superintendent.

The total does not include an additional estimated total of 3,732 scholars who are expected to enroll in Warren Borough schools.

Enrollment throughout the county last year, excluding Warren borough schools, was 4,814. One hundred seventy seniors graduated but a record number of 504 incoming first graders set the new high total of 5,318.

Finest school to be occupied will be the brand new \$2,000,000 Northern Area Joint District's Eisenhower High School.

Total pupil registration in that district last year of 1044 was expected to be pushed upward as newcomers totaled 38 in Lander, 42 at Russell and 23 at Chandelers Valley.

With the new Eisenhower build-

ing not quite complete, opening day at Northern Area schools has been delayed from the general Sept. 4 opening around the county. Northern Area's elementary pupils will return Sept. 12 and the juniors and seniors will occupy the new building Sept. 14.

The Chandelers Valley school house will close down this year and classes will be held in Sugar Grove instead. Russell and Lander have the other two buildings in the Northern Area district.

Top district in enrollment outside the borough is Brokenstraw Valley Joint District which had a total of 1,417 students last year. With 78 seniors graduating last June and 109 new youngsters coming in this fall, the new total would be 1,448.

Up at Sheffield, which includes Cherry Grove township, 575 were registered last year. Beginners expected this fall total 48.

At Tidoulet 381 were registered last June, with 38 newcomers expected in September. Clarendon had 80, with 16 new pupils expected.

At Irvinedale the total was 158, with 10 more coming; Conewango Township total was 381, with North Warren expected to enroll 56 new pupils this September and Starbuck 12.

Kinzua had 64, expects nine more; Mead 166, with 28 coming Pleasant Township had 138, has 22 joining the ranks in September.

In the one room school houses, Bear Lake had 34, expects eight new students; Watson had only nine and will welcome a lone newcomer this year.

Southwest expects six additional pupils to swell its June total of 100 and Spring Creek has made room for 20 more than the June total of 107.

SCHOOL BUSES

More than 100,000 school buses operate daily during school months in the United States, covering more than 2,500,000 miles and carrying 7,000,000 school children.

BACK-TO-SCHOOL EDITION

Advertisements and writeups in this issue of The Times-Mirror remind that the time to start preparing the kiddies for the fall and winter school term is nearer than just around the corner.

School officials have been busy this summer preparing the buildings for reopening next month; along with the hundreds of other details that must be worked out before activities are resumed.

In this connection it is interesting to note that the little red school house—long an American symbol—is not yet extinct though rapidly dwindling in numbers.

Many changes have taken place in rural schools in less than a decade. One-teacher schools have decreased from about 108,000 to 48,000, while reorganization has reduced the number of school districts from 110,000 to 66,600.

Indicative of the progress made in rural education is the decline of the one-room school-house with its single teacher and the rise in the consolidated school with its greater facilities for instruction.

The National Education association points out that the tendency in recent years has been to stress the community school as the most desirable one. The second most commonly recommended unit is the county.

Although rural education has shown gratifying progress in the past decade, many problems still remain before it more nearly approaches the educational standards found in metropolitan centers.

Thus, the NEA points out that while 38 per cent of rural elementary teachers have degrees, urban elementary teachers achieved this goal 15 years ago.

The importance of rural education cannot be over-estimated. Forty-five per cent of the nation's school age children are in rural areas, along with 52 per cent of the nation's teachers. But, four-fifths of the nation's teacher shortage is also found in rural areas, which are further limited by having only 38 per cent of the available school funds.

FLOOD INSURANCE

According to the Salamanca Republican Press the new Federal flood insurance program, which is of interest to householders and businesses in areas subject to flooding, is expected to take more definite shape this week. Representatives of that branch of the insurance industry which writes property insurance were scheduled to meet in Washington to help set up the new program.

On the recommendation of President Eisenhower, Congress at the recent session authorized the government to issue insurance, to contribute to the premiums, and to underwrite flood insurance issued by private companies. Heretofore flood insurance has been practically non-existent because it was so expensive. It has been expensive, because so few property owners are interested in it; hence there is lacking such a big pool of premiums as results from the practically universal demand for insurance against fire, theft, etc.

The Washington conference will be held at the invitation of the Housing and Home Finance Agency, with the purpose of working out a definite program under which flood insurance will be available, at a cost within reach, to indemnify losses caused by flood and tidal disaster. "Admittedly experimental," as President Eisenhower terms it, the program contemplates assurance of a line of credit, where necessary, for the restoration and reconstruction of properties damaged or lost as a result of flood.

SENECA ADOPTION CEREMONIES

An interesting ceremony is scheduled for eleven o'clock Saturday morning in Williams Grove, two miles south of Corydon on Route 346 when the Seneca Indians will stage their traditional dances and adoption ceremonies. It is announced elsewhere in this issue that Dick Johnnyjohn (Chief Running Deer) of Salamanca will lead the dancers and will also be in charge of the other rites. The public is cordially invited and indications are there will be a large crowd in attendance to witness this unusual program.

Here and There

In connection with the unusual weather the past few months, along with the fact that the temperature sank to 42 above in Warren this morning it is interesting to note that the Rural New Yorker calls attention to the remarkable summer of 1816, recorded as the "coldest in our history, a truly freakish season." That was the year when one could wear his overcoat all summer. Every month of that famous year saw ice and snow. "The Autobiography of Chauncey Jerome," of Bristol and New Haven, Conn., a pioneer American clock maker, contains some interesting references on the subject. Among other things it says: "There was ice and snow every month of the year. I well remember on the 7th of June, while on my way to work (I dressed throughout with thick woolen clothes and an overcoat), my hands got so cold I was obliged to lay down my tools and put on mittens which I had in my pocket. It snowed about an hour that day. On the 10th of June my wife brought in some clothes that had been spread on the ground the night before which had been frozen stiff as in winter. On the evening of the Fourth of July, I saw several men pitching quoits in the middle of the day with thick overcoats on, and the sun shining bright at the same time. I often saw men hoeing corn stop at the end of the row to get in the sun by a fence to warm themselves."

This 'N That: Down at Meadowville State Troopers are investigating a burglary at the Country Club the total cost of which may run to more than \$1,000, and to make matters worse the yeggs drank a couple bottles of beer in the process of their looting the place. . . . Folks over at Titusville are disappointed in an announcement by Commissioner of State Police turning down a request for a barracks in that district revealing that a survey recently taken did not warrant a substation. . . . Many in the Warren area will be interested to learn that Lee E. Milford, Oil City district game protector for the past three and a half years, is being transferred to Portland Mills, Elk county, effective September first, incidentally he was deputy game protector in McKean county before going to Oil City. . . . "Sparkle," a tiny doe who was "badly banged up" when struck by a car near Titusville a week ago, has become the pet of three little boys at the Melvin William home three miles west of Cochran, whose parents secured the doe on a henagene permit from the Game Commission. . . . Motorists who are compelled to drive the section once or twice a day are showing some impatience over the apparent slow progress of the highway widening project between Starbrick and Irvine which has been under way most of the summer and still has quite a long way to go before the contractors move off the job. . . . And some of these same motorists are complaining about the rough condition of the Fourth avenue crossing of the Pennsylvania Railroad near the Struthers Wells Co. plant. . . . Horse pulling contest and track events scheduled for the Wattsburg Fair Tuesday, August 28, day and night through Saturday, September 1, will appeal to horse fanciers and the general public. . . . And down at Youngsville the various committees are working at top speed completing last-

minute details for the annual Community Fair which is always a red-letter event in "The Biggest Little Town on the Map." . . . The Titusville Recreation Commission will hire two men to supervise fall athletic programs for boys of the city and the deadline for applications is September 3. . . . Incidentally, despite intermittent rain all summer, there was a total attendance of 17,262 at the four supervised playgrounds during the eight weeks they were open in Titusville. . . . And Corry's annual Potato Festival combined for the first time this year with Old Fashioned Days, gets under way this evening with the traditional opening dinner at the Corry Area High School cafeteria at which approximately 225 persons are expected. . . . One columnist says surveys have revealed that folks across the nation stayed away from their TV sets in droves last week with the biggest losers in the entire week's program being the sponsors, one of whom is reported to have spent \$5,000,000 to advertise its products. . . . Carp fishing from the Hickory street bridge continues to arouse a lot of interest among younger followers of Isaac Walton.

The Italian Look for Small Boys

Gay Coloring, Style Adopted

BY GAIL DUGAS
NEA Women's Editor

NEW YORK—(NEA)—Italian sportswear has had great influence on the leisure clothes of this country, an influence that has sifted down to children's clothes.

In miniature, the brilliant stripings and gay colorings of Italian sports styles lend themselves very well to children's designs. And in this country, of course, we do them in fabrics with a tendency to take wear, to stand up under rough-and-tumble play and lots of hard knocks.

Young mothers read hang-tags on children's clothes carefully. They like to know that a fabric is color-fast, that it resists soil, that it won't wrinkle or fray easily.

We show here two styles for little boys that meet all qualifications. Italian-inspired slack set (left) combines solid color slacks with striped shirt in the continental manner. The zippered and quilted-lined jacket (right) is both warm and sturdy. Fabric for both slack set and jacket is a blend of Eastman eston acetate and rayon.

FAMILY PICNIC

Some of that old time "get togetherness" of bygone pioneer days will be experienced when the YMCA Family Night reunion picnic is held at Chapman Dam this Saturday, when families will meet at this favorite spot to share a meal together. Mothers of "Y" members are making their favorite casseroles which will be shared with each other, excepting the dessert, furnished by the YMCA.

Following the meal, the children will be entertained with games until dusk, and as twilight falls, the group will move down the road a half mile to a site where a special council fire has been laid, which will be the setting for the main program, the focal point for games, songs and stories. Highlight of the evening will be a special dramatic presentation of an old Indian legend, reenacted by boys of the YMCA Adventure Club.

Girls who have swimming memberships in the YMCA and their families are also cordially invited to attend.

WOLFE FAMILY

Youngsville—At Island Park on August 18, 50 members of the Wolfe family observed their 45th annual reunion, which originated to honor the late John and Elizabeth Wolfe, Garland.

After enjoying a basket lunch, the group elected the following officers: President, Merle White; vice president, Homer Wolfe; secretary, Mrs. Lillian Ewing, of Eldred; historian, Mrs. Mary Cushing, Sherman, N. Y. The program was rained out, but all had a good time visiting. Three deaths and three births were reported for the past year.

Next year's reunion will be held in Drake Well Memorial Park near Titusville, on the third Saturday in August.

RAYMOND NICHOLS

Back in town after a successful week's run of Shakespeare's "Othello" at the Bushkill Playhouse, described as the most beautiful summer theatre in the United States and located near Stroudsburg, in the Pocono Mountains area.

Mr. Nichols, starring in the title role as the tragic Moor of one of Shakespeare's greatest works, repeated the widely-appreciated interpretation he gave the part when it was given in Warren not too long ago.

The performance originally directed for Warren Players by Maritza Morgan and Edith O'Hara, was refreshed for summer stock by the latter. Kay Costley, cast in the original performance as Desdemona, joined Mr. Nichols in repeating the critic and audience acclaim won by "Othello" locally. Warren Players Club is proud to have been represented by these two young members on the professional stage.

Fragrance In Plastic

Good choice for traveling fragrance is one of four popular scents, newly packaged in a plastic aerosol.

BY ALICIA HART
NEA Beauty Editor

FOUR favorite scents from a popular manufacturer are now aerosol-packed in a plastic bottle.

The bottle is half-way between a large dressing-table size and a handbag size. It will go conveniently in the new large handbags for fall. But, because of the break-resistance of the plastic, it's the ideal size for the car glove compartment or a suitcase. It's a traveling package.

The four scents that come in this new presentation are designed for sophisticated women, for those who like an innocent fragrance, for regal women and for women who like the air of mystery.

Keep After Those Flies

Never Let Up in Drive on the Pests

BY KAY SHERWOOD
NEA Staff Writer

HOUSEFLIES buzzing around the back door remind the homemaker that a not-so-delightful but most important task especially in late summer is to squash the dangerous pests.

New insecticides are a potent ally. But many authorities claim the strongest club we can use against the bold, black fly is sanitation, primarily the prompt disposal of garbage and clean containers.

If you have an electric garbage disposer in the sink, the disposal problem is eased. Many of us, however, rely on the ordinary indoor pail and periodic collections from outdoor galvanized cans for the handling of garbage. At this season, the daily output is stepped up by the wastes from canning and freezing the harvest, from bulky corn cobs and melon rinds,

TO KEEP ODORS from building up, we must empty the indoor pail more often than usual. To keep pails as dry and clean as possible, drain the garbage well.

Brown paper bags or waxed, moisture-resistant bag lining the pail are a necessity and I also stick a paper plate in the bottom of the indoor can as further protection. Outdoor pails get a bottom lining of newspapers.

Scrubbing a refuse pail is not a task I rush to with joy in my heart, but what must be done. Must be done. To make the chore less grim I've been using one of those plastic handled mops with disposable scouring pad which is turned or tossed away afterwards. The mop, designed for use in bathrooms, works as efficiently on the interiors of garbage pails.

Hot, soapy water to which disinfectant is added is a cleaning solution that leaves pails clean and sweet-smelling.

Dry pails completely in the air

Plastic-handled mop with disposable scouring pad is dainty solution to homemaker's problem of keeping refuse containers spick-and-span.

and sun before putting them back into use.

If the outdoor cans are rusty or lids are loose, invest in a new container. If one can doesn't handle the load between collections, get another one or buy a larger size. The few dollars they cost can be chalked up to health protection.

Outdoors, around the back door, porch, garbage cans, where

flies congregate, a residual spray of insecticide may also be necessary. A residual spray sticks to the surfaces and is usually a coarse spray as opposed to the fine mist of space sprays.

A safe way of applying an insecticidal solution is to brush it on with a paint brush. Five percent solutions of DDT or a methoxychlor are two that are often recommended.

Cadillac' at Chautauqua in place of their regular club meeting last Thursday evening. Mrs. Adella Storch and Mrs. Dorothy Richards attended the musical tea given at the Woman's Club as the first fall meeting of the Warren club.

Mr. and Mrs. Gerald Finlan and sons, Allegany, were Saturday callers of their mother, Mrs. Jennie Finlan and were accompanied home by Judy Finlan, who had spent several days with her grandmother. Sunday guests at the Finlan home were Mr. and Mrs. Guy Finlan, Bradford; Mr. and Mrs. John Moore, Sugar Grove; Glenn Finlan, Youngsville.

Fourteen members of the Christian Service Guild of the EUB

church and two guests were entertained at a meeting of the Union City Guild. The program consisted of a panel discussion, provided by the hostesses, dealing with juvenile delinquency and resulting in the decision that "parents are to blame for much of it."

Refreshments were served and a social hour enjoyed.

Competitive Exams For Both the Fire And Police Dep'ts

Newly created positions of an assistant chief for Warren's Fire Department and two sergeant ratings on the local police squad will be vied for in competitive examinations August 31.

Fire insurance underwriters have asked that an assistant chief be named to aid Fire Chief James Tridico. The positions of sergeant on the local police force have been created to boost incentive in the local department.

On the same Friday, August 31, candidates will also be permitted to compete for two or three vacancies on the local police and fire squads. Only members of the department can take the test qualifying them for the role of assistant chief or sergeant.

Borough Manager George Geraci has announced that auxiliary firemen for the borough of Warren are also being solicited. Any able-bodied residents between the ages of 21 and 30 who wish to take free firemen's training and then be retained by the town on a stand-by basis at a salary of \$10 a month should apply at the Municipal building.

That course of instruction, sponsored by the state, is expected to start about the first of October.

Borrowing for local consumption, a few choice words by an authority on men's style trends—we note (and with approval)—the following: "Personnel management and personnel relations experts are today forming their judgment of a man's character more and more on personal appearance. That a man's degree of character and ambition are reflected by his personal appearance is a fact strongly backed by psychologists. Good dress, and wearing the right clothes at the right time are today important rules more than ever before. . . . Now the sloppy look is beginning to get the brushoff from the high school crowd. It may be that educators have finally put their foot down regarding careless classroom attire. . . . perhaps parents have started to exercise greater influence over their youngsters' apparel selections. . . . or perhaps the youngsters have more good sense and good taste than they are generally given credit for." . . . so

Helen Rubenstein's Beauty Pairs! This famed beauty creator has the answer—the scientific solutions for 10 beauty problems.

Stop now at the Warren Drug Store for once a year savings on Helena Rubenstein's Beauty Pairs. Look in the mirror—then look at the special display of the glamour creations to effect a great change in hair, skin, eyes, body freshness and exquisite fragrance. Beauty pairs make wonderful gifts, too!

Although the current convention in San Francisco's fabulous Cow Palace draws our rapt attention—we're glad we took time off to see "The Eddy Duchin Story"—here was a really remarkable film feature—marked with beautiful color photography and outstanding for its cast of fine actors and actresses. Kim Novak stepped up in our estimation—Tyrone Power was at his best—we could see this one a second time any day.

Speaking of the convention—when it was brought to our attention the percentage of Americans who do not make use of their precious right to vote—we were shocked. And it was brought out that people in foreign countries who are permitted to vote—out-number the Americans!—we were aghast! Maybe you hadn't thought about the significance either—but let's all of us do our job—be he Democrat or Republican—urge your friends and neighbors to vote on November 6.

During a summer vacation we met and made friends with a couple from Cleveland, O.—name of Russo. We still hear from them and wish they could visit in Warren. We talked at great length about many of our favorite foods—spaghetti—pizza—ravioli—antipasto (not available in Cook Forest)—the Russo's traveled a few miles one fine evening and brought us pizza for a midnight snack. On the subject of snacks—when families attend to TV—and most of them do—it's become traditional to enjoy a late lunch (during the evening). Not only that—many a housewife, after watching favorite programs, suggests dining out. Last week, we introduced a new member in our Mirror—and upon checking as to whether or not they had read the column—learned that their customers had taken over the Times-Mirror while enjoying the delicious cuisine—

At Pace's Pizzeria on Pennsylvania avenue. The People's Choice for those delicious Italian specialties.

Remember the poetic "Abou Ben Adhem"?—the story goes that he beheld "an angel writing in a book of gold"—subsequent events proved that—"an lo—Ben Adhem's name led all the rest". So—we ask—is your name in the book?—not the book of gold—but in the book of registered voters. If not—why not?

County Youths in Trouble in Corry After Drinking Bee

Corry Journal: Two Spring Creek boys, too young to be served liquor in Pennsylvania, traveled to Jamestown for their drinks last week, they told police when they sobered up at the city jail.
Floyd Wilkinson and David Way, both barely 18, were arrested at Al Holton's Dairy Bar where they were drunk, sick, and "prowling around."

Police hauled them off to the city jail where they remained until morning when they were in condition to go before Police Magistrate Melvin S. Cobbett to plead guilty to the charges.
They were each ordered to pay a total of \$10 in fines and costs and were then released. Police said their arrest came at 11:45 p. m. when a waitress at the Dairy Bar called and said there was someone prowling around outside the building.

Officers arrived at the scene on East Columbus avenue and found the two boys wandering around and being sick between the building and an outside telephone booth.
They told Police Chief Harley Drake that they had gone to Jamestown for their liquor. Wilkinson was 18 on June 18 and Way passed his 18th birthday on May 17. In Pennsylvania they cannot be served liquor until they are 21.

The problem of youngsters from this area drinking in New York state and returning to Pennsylvania to get into trouble is not a new one, police declared.
Several times each year there are accidents on the road between Corry and the Findley Lake-French Creek area but by the time investigators arrive the drivers have left the scene and are quite sober when official accident reports are filed hours later.

At the present time an Erie couple, parents of a 17-year-old boy who was involved in an auto crash after drinking in a Ripley tavern, are campaigning to have the tavern closed.

Deadline for Filing July Tax Returns Is Extended to Sept.

An Associated Press dispatch from Harrisburg says the deadline for filing July sales tax returns has been extended by the State Revenue Department to September 10. July collections are ordinarily due August 31.

A printer's delay in supplying new forms was given as the reason for the extension.

New simplified forms, designed for use in tabulating machines, are now being mailed to nearly 200,000 retailers licensees.

The department also called on retailers who previously paid a \$2 license fee under the original sales tax law to apply for a refund by Sept. 30.

The law was revised making the licensees free and empowered the department to allow credit for persons who had already paid the fee.

Interlectric Hosts Its Hot Stove League Team

Interlectric Corporation was host to their Midget Hot Stove League-sponsored team at a picnic held in Viking Summer Home on Lake Chautauque last Saturday.

After a delightful picnic lunch the boys presented their Manager, Louis Cederquist with an inscribed billfold, aptly inscribed from "The Team".

Remainder of the afternoon was spent at Midway Park and an enjoyable time was had by all.

In season play the team won 11 and lost 3. The big game was the 6-5 win over Macks News Room. Mack's first loss of the season. This forced the league into a three-way play-off and Interlectric lost the first game. Kinzua won the league over Macks News.

Democratic—Avoids outright endorsement of high court ruling, saying it "brought consequences of vast importance." Rejects "all proposals for use of force to interfere with the orderly determination of these matters by the courts." Recognizes Supreme Court decisions as "a part of the law of the land."

Agriculture

Republican—Endorses Eisenhower administration farm programs, featuring flexible price supports and soil bank plan under which payments are made to farmers for reducing production. Re-states party goal to achieve "full parity" for farmers in market place and not through use of subsidies. Pledges fewer rather than more government controls.

Democratic—Would repeal flexible system and restore high, rigid supports for basic crops and use production payments to help regain full parity for agriculture which it says existed under Truman administration. Also promises to develop supports for perishable products and to set up food surpluses to low income groups.

Labor

Republican—Claims GOP has given labor its greatest prosperity and strengthened the process of free collective bargaining. Promises to revise Taft-Hartley Act and to assure equal pay for equal work regardless of sex.

Democratic—Charges Republicans with "anti-unionism" in obtaining enactment of the Taft-Hartley law, and promises to repeal it. Promises to raise minimum wage standard from present \$1 to \$1.25 an hour and to extend its application.

Small Business

Republican—Promises greater aid for small enterprises, including larger share of government contracts, loans at "reasonable" rates of interest and extension of the Small Business Administration now scheduled to expire in mid-1957.

Democratic—Charges Republicans have discriminated against small enterprises in favor of large ones with result that giant corporations "dominate" the economy. Promises to make more and cheaper loans available to small businesses and to give them tax relief.

Resources

Republican—Praises GOP efforts to conserve oil, forestry, mineral, water, fishery and wildlife resources on partnership basis with private interests.

Democratic—Charges GOP administration has allowed "special interests" to "despoil" resources for future generations. Promises to double present conservation efforts to develop "aggressive" program to provide abundant supplies of low-cost energy.

FOREST COUNTY MEETING

Leon H. Gavin, of Old City, has accepted an invitation to speak at the scheduled organization meeting of Forest County Republican Women on Friday. The meeting is to be held in Shelter Number One in Cook Forest picnic area Friday at 2:30 o'clock. Also present at the meeting will be Miss Katherine Flynn, a representative of the state council of Republican Women. Miss Flynn is well known for her organizational work in behalf of the state women's groups.

MISS CRAWFORD COUNTY

Cecil Martin, crowned Monday night as Miss Crawford county, is a native of Warren county, it is revealed in the following from the Titusville Herald: She was born at Enterprise on Christmas Day, 1936. Last St. Valentine's Day she became engaged to a Titusville sailor. Just Monday night she was presented with her biggest present to date—the Miss Crawford County crown for 1956.

And yesterday Cecil Lavada Martin of Titusville was still bubbling and tingling from the excitement of being in the limelight.

The striking 19-year-old blonde who is easily recognized by her pony tail hairstyle hardly had time yesterday to at back and contemplate her future. Friends swarmed in most of the day to offer congratulations and say they were glad she had won. But Miss Martin, the daughter of Mrs. Jessie Martin of 417 N. Monroe St., said she expects to continue working as a receptionist at the Colonel Drake Hotel. In fact, she will be back on the job today. The tall, shapely queen was crowned at the county fairgrounds by Lorna Ringler, Miss Pennsylvania. She explained, "I was so thrilled I felt like I was going to cry, but didn't!" Her nervousness as well as Miss Pennsylvania's was evident as both fumbled with the crown.

President

(From Page One)

Nixon, who has taken no public note of Stassen's efforts to remove him from the ticket other than to say the convention should be an open one, urged convention delegates to let Stassen speak.

Sen. John Bricker of Ohio, a Nixon backer, said he thinks it would be a good idea for Stassen to speak. He said he thinks Stassen would only "rouse" more delegates to opposition to his move to sidetrack Nixon.

Nixon is credited with having more than 1,000 of the convention's votes behind him, and would certainly win any roll call test unless Eisenhower expressed a preference for someone else.

Attorney Gen. Herbert Brownell Jr. indicated he expects no Eisenhower announcement on a running mate prior to the convention's actions. Brownell said he didn't look for any "excitement" as a result of the President's day-early visit to San Francisco.

The attorney general said it was his understanding Eisenhower would confer with a number of Republican candidates for Senate, House and governorships and have his picture made with them. Some had appointments today.

Gov. Christian A. Herter of Massachusetts, who has been Stassen's chief candidate to replace Nixon although Herter will put Nixon's name in nomination, said he doesn't think Eisenhower will have any list of men acceptable to him as running mates.

Eisenhower, all smiles, got a rousing reception on his arrival here. His appearance gave the Republicans something to cheer about and they turned out by the thousands as he drove to a downtown hotel from the airport.

Nixon headed the list of greet-ers at the airport. He got a warm handclasp and a few words from the President. Stassen, in the receiving line, also got a presidential smile and a word or two.

Without a dissenting voice delegates whipped through yesterday a platform promising spending cuts, a balanced budget and tax reductions aimed primarily at the lower and middle income groups.

The Republicans thus indirectly took notice of Democratic charges that previous tax reductions had not benefited the low-income people materially.

The GOP didn't spell out tax details. The Democrats promised at Chicago last week to raise personal exemptions from the present \$600 level to \$800 if they win the elections.

planes came in for landing at the airport outside of town—and the TV coverage switched out there.

Secretary of Defense Wilson said "no nation is ahead of us now" in military strength, adding: "Nor will they be in the years ahead if we resolutely follow our present programs."

Atty. Gen. Brownell pledged "full and impartial enforcement" of constitutional provisions guaranteeing the right to vote "and other civil rights."

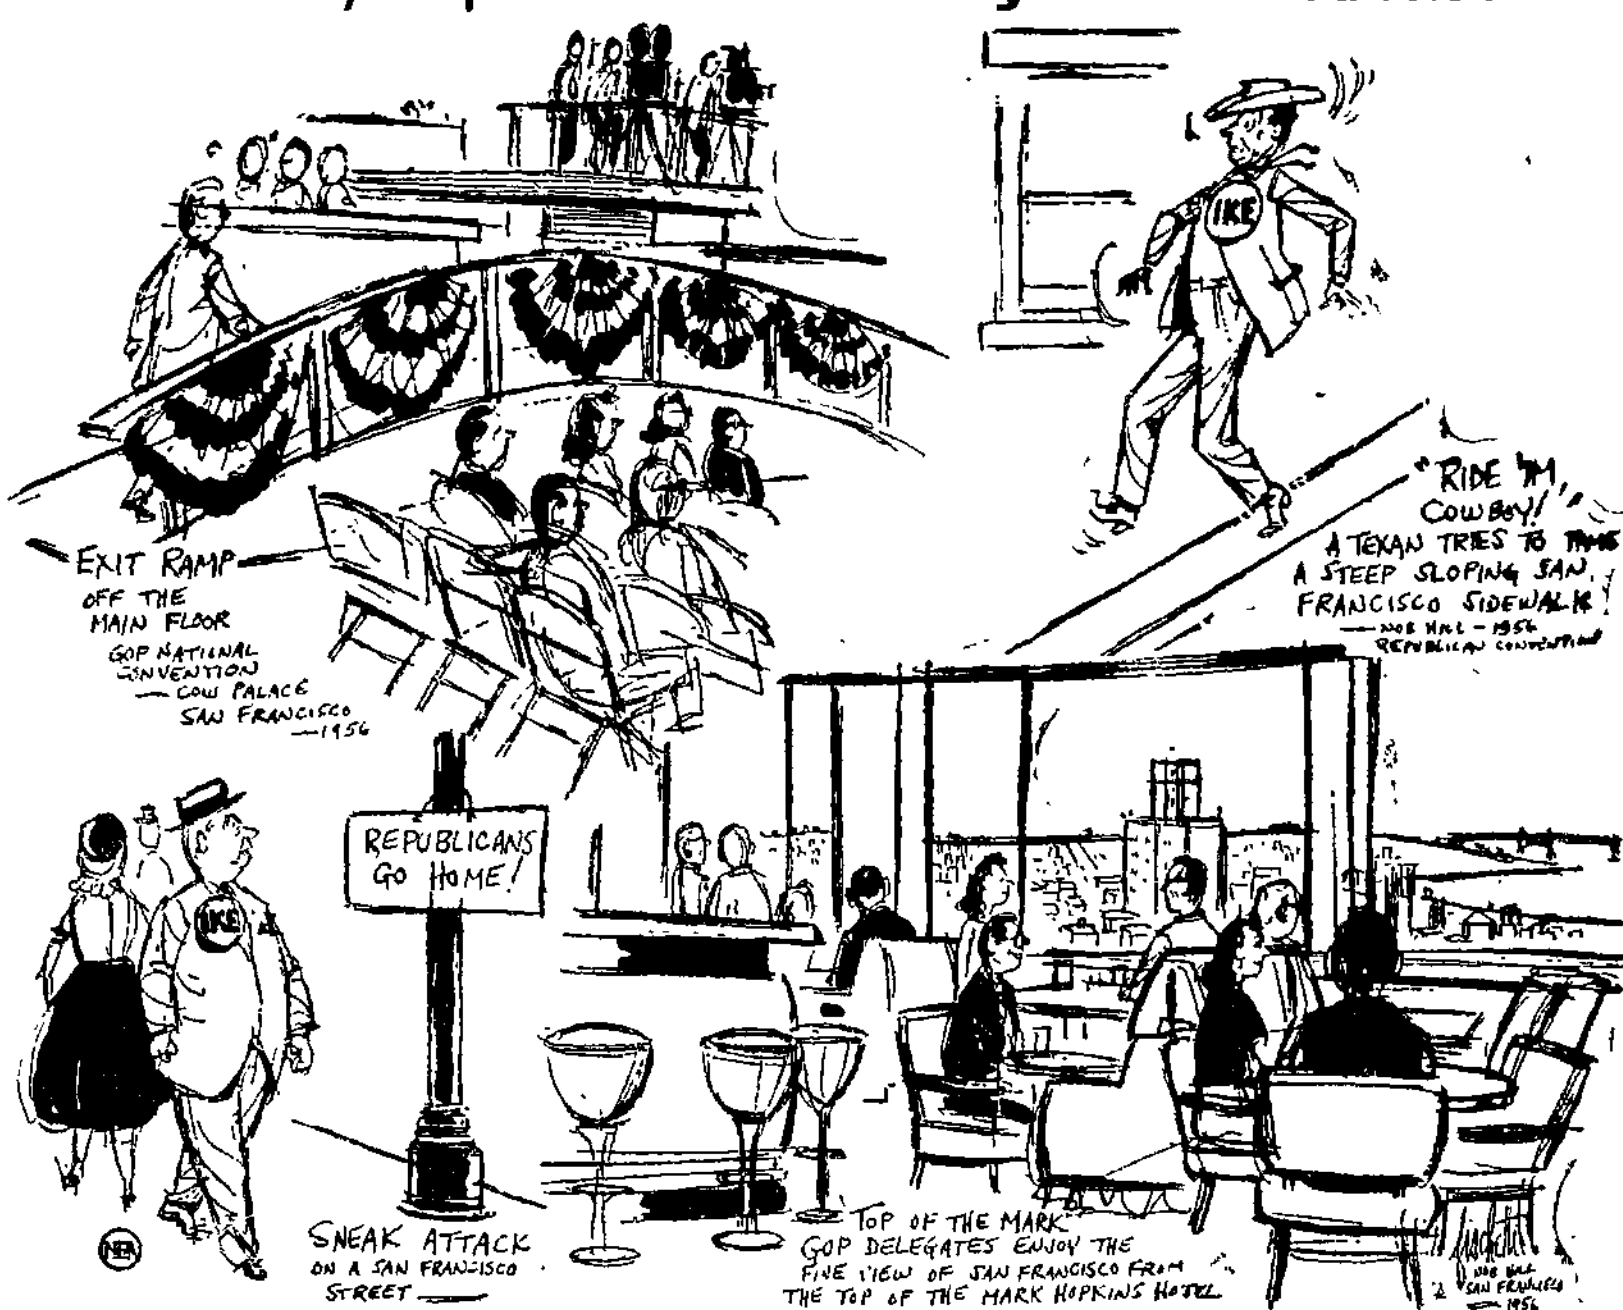

Secretary of Agriculture Benson said "we are proud of our accomplishment" in reversing a trend, which he blamed on the Democrats, of sharply dipping farm income and mounting crop surpluses.

Also speaking were Postmaster General Summerfield, Secretary of Labor Mitchell, Secretary of the Interior Sexton and Secretary of Welfare Folsom, as well as Ambassador Henry Cabot Lodge Jr., U. S. delegate to the United Nations.

EAST STREET TRAFFIC PROBLEM STUDIED

Pomroy, district traffic engineer for Pennsylvania Department of Highways, will meet with members of Public Safety Committee this afternoon to discuss further what can be done to control traffic at the intersection of East Street and Pennsylvania Avenue. Four nations — India, the Soviet Union, Ceylon and Indonesia — backed the substitute plan presented by India's V. K. Krishna Menon to leave the canal under Egyptian management but with international advisors.

The 22nd nation at the conference, Spain, did not come out in formal support of the Indian resolution but offered an amendment — which was not accepted — that would have given the same effect to the Dulles resolution.

All 22 nations agreed that Egypt's nationalization of the canal four weeks ago must be recognized, and that some form of international participation in its management was needed to insure that it always will remain open to world shipping. The difference was over whether the international group should actually operate the canal or only give advice to the Egyptians.

Egyptian spokesmen have consistently rejected the idea of international management of the canal. But since India and Russia kept in close contact with Nasser's government throughout the conference, it was believed the Egyptian President might agree to an international advisory group.

Pennsylvania got its first big chance to demonstrate at the convention yesterday. That came when the convention chairman, Rep. Joseph W. Martin (Mass.), presented Sen. James H. Duff as a "brilliant battler for the right."

Waving banners and tossing confetti, the entire delegation, led by Sen. Edward Martin as chairman, marched toward the rostrum. Duff, a member of the Platform Committee, was given the assignment of introducing the committee's chairman, Sen. Prescott Bush of Connecticut.

Ingrid Will Not Appear on Ed Sullivan's Show

New York (AP) — Ed Sullivan says Ingrid Bergman will not appear on his television show after all.

Last July 17 Sullivan announced he had signed the Swedish-born actress for an October or November appearance on "The Ed Sullivan Show" (CBS).

CBS issued this statement yesterday: "Ed Sullivan announced today that he had been unable to work out arrangements for the appearance of Miss Bergman on his program and was abandoning any further efforts to secure her services."

Four Meet Death in Three-Car Pile-Up in Westmoreland

Larrobe (AP)—Four Westmoreland County residents, including a 33-year-old mother and her two children, were killed late yesterday afternoon in a three-car pile-up on route 981 about four miles south of here.

The victims were Mrs. Paul Snider, of RD 2, Greensburg; her children, Paul Snider Jr., 8, and Pamela, 6, and Glenn W. Wright, 43, of Pleasant Unity.

Mrs. Snider was en route to Larrobe where she and her children planned to visit Mrs. Snider's mother, Mrs. Dollie Sharretts.

State police said the crash occurred on a straight stretch of the two-lane highway. They said that Mrs. Snider apparently lost control of her auto. Wright's car plowed broadside into the machine.

A third auto, driven by Robert M. Lewis, 30, of RD 2, Mt. Pleasant, crashed into the rear of Wright's car but Lewis was not hurt.

Ike May Make a 'Good Neighbor' Visit in State

San Francisco (AP)—President Eisenhower will be invited to make a "good neighbor" appearance in Pennsylvania this fall, according to the Keystone State's Republican chairman.

George Bloom, in announcing his planned invitation yesterday, didn't specify a time or place. But it was understood he would like to have the president make an important address in the region of his Gettysburg farm.

Other possibilities were a major campaign address in Philadelphia or Pittsburgh, or a one-day swing across the state.

'Back Pain' Kluszewski Keeps Redlegs in NL Pennant Race as He Bats at .480, Hits 32nd HR

By ED WILKS
The Associated Press

Ted Kluszewski, just "a pain in the back" at season's start, now is keeping Cincinnati's Redlegs in the National League pennant race while beating off a challenge to his club home run title from rookie Frank Robinson.

The big first baseman, who has led the Redlegs in homers for five of the last six seasons, was in Manager Birdie Tebbetts' doghouse last spring. An aching back, plus too much extra beef, had Kluszewski slumping and he wound up on the bench for a while.

New he's back in business. In his last seven games, of which Cincinnati has won four, he has been batting at a .480 clip, driving in eight runs and socking five home runs.

His 32nd homer, with a man on,

Betts, J. A. Johnson and Kinzua Win Hot Stove Championships

Betts Machine rallied, J. A. Johnson blasted and Kinzua Legion blanked as these three teams won championships last night in their individual divisions of Hot Stove League play.

J. A. Johnson pounded out 10 hits as they subdued the Craft Agency 12-2 on Jackson Field for the Cadet division championship.

Johnny Wooster clouted three hits, including a home run, to lead his team in that department. R. Seder was winning pitcher as he allowed only four hits and struck out 17 along the route. Wooster was catcher. Doug Cooper had a double.

L. Lawton and A. Vavala were Craft Agency battery. Pat Hartnett and Lawton doubled for them.

Johnston pried up three runs in the bottom of the first inning to provide the winning margin.

Flatt struck out 11 men and pitched one-hit ball as Kinzua Legionnaires blanked Struthers Wells 8-0 for the Midget Division championship.

Martin rapped a pair of doubles for the victory, and Ross and Wilson each tagged one. Matson was catcher.

Battery for Struthers was Gail Jones, Davis, R. Bonavita and D. Suppa.

The second game of a three-game series between Thomas Coupling and Warren Transfer will be played tonight. Winners of the first game, Thomas Coupling, will go with Dickie Chapel hurling against Thompson. Home runs featured the first game of the playoffs and it is expected that they will be the deciding factor tonight as the two hard-hitting Bantam nines battle for the championship. The game is scheduled for 8:00 P. M.

Betts Machine rallied from a 4-0 deficit to edge Industrial Oils 8-4 at Weidbank as they won the Intermediate Division championship of Hot Stove League.

Trailing in the fourth, Betts scored a single run in their half of the inning and one more in the fifth to make the count, 4-2.

Then they broke loose for three big ones in the sixth stanza on

Lopez Will Resign As Indian Manager After the Series

By JOE REICHLER

Milwaukee (AP) — No matter where the Cleveland Indians finish in 1956, Al Lopez will tender his resignation as manager at the end of the season, The Associated Press learned today.

A source always found to be reliable, said the Indians' front office is aware of Lopez' intention and is even now making secret inquiries concerning a successor.

The informant also said he knew of two men under consideration. He named Joe Gordon, the former star second baseman of the Indians and the New York Yankee, and Jimmy Dykes, coach of the Cincinnati Redlegs, who has spent one third of his 60 years as a manager, 17 in the American League with Chicago, Philadelphia and Baltimore.

This has not been a happy season for Lopez who may, for the first time in his 6-year Cleveland reign, finish with fewer than 90 victories. The genial native of Tampa, Fla., is regarded as one of the best pilots in baseball.

Since coming to Cleveland in 1951 after a 3-year apprenticeship at Indianapolis, the Indians have never finished lower than second.

They won the pennant in 1954, establishing an American League record of 111 victories.

Lopez came close to quitting as Cleveland manager after the 1953 season when the Indians were nosed out by the Yankees. The smiling Senor actually informed the Indians of his intentions at the time and it took all of General Manager Hank Greenberg's oratorical salesmanship to convince him he ought to remain.

Whether Greenberg is of a mind to talk Lopez out of quitting is not known but if he is, he will have to do a lot of convincing.

New Cast Holes Out in CVCC Championships; Jrs. Finishing

An entire new cast in the 1956 golf finals at Coneywango Valley Country Club was assured yesterday afternoon when Bill Rice, the 1955 runner-up, bowed to Dr. Wallace Sedwick 4 and 2. In the first round, last year's titlist, "Tim" Creal, was eliminated by Dr. Follmer Yerg.

Dr. Yerg was in turn eliminated yesterday by Johnny Carter, 5 and 4, as the latter moved into the semi-final round.

Other results since the weekend:

First Flight: Johnny Trevenen defeated Charles Blackman, 1 up.

Second Flight Quarter Finals: Bob Ritchie no longer Bill Lundahl, 3 and 2, and Weston Ensworth defeated Walt Dreman 1 up in 19 holes.

Fourth Flight: Bill Simonsen turned back Hugh Siggins.

Fifth Flight: Ray Stein beat Dr. Francis Ericsson.

Sixth Flight: Wendell Lawson defeated Al Lorange.

In other CVCC golf play, the junior matches were drawing to a close.

In Division 2, Janie Culbertson defeated Karen Ericsson yesterday and will meet Penny Barley tomorrow for the division girl's championship.

Albert Lorange outshot Fred Martin in another match yesterday. He will meet the winner of Jack Hamilton - Ross Kremer match.

In Division 2 scoring yesterday, Fred Martin had low gross.

Cincinnati (AP)—Big Dale Long, the Pittsburgh Pirates first baseman who established a home run record of hitting eight circuit drives in as many consecutive games, is continuing his slump and so are the Pirates.

Long, whose batting average has skidded below the .370 mark, has been jittery in the field of late. Last night an error by Long in the eighth inning led to a Cincinnati scoring drive and a 7-4 defeat for the Pirates.

The Pirates pushed three runs cross in the top of the eighth to take a 4-3 lead. But the Redlegs bounced right back to knocked re-

Elks Play Starlite Thursday To Open Penn-York Series

The resurgent Warren Elks will take off into the deep end of a sudden death playoffs tomorrow night when they tangle with league-leading Starlite Bombers at Municipal Stadium, Jamestown, in the first game of a Shaughnessy series to decide the Penn-York Semi-pro Baseball League champion.

Game time is 6:15 p. m. (Contest had previously been scheduled for Sunday but was postponed due to wet grounds).

The local squad, victim of some ragged play early in the season, has tightened up its defenses lately, boosted its hitting averages and won six straight games.

Last victory was over Bradford on Saturday. The teams had been tied for fourth place with .500 percentages and the win gave the locals a chance in the playoffs.

Also in the Shaughnessy series are the Ludlow Wildcats, a hot ball club who's win-loss record of 14-5 was second only to the tough Starlite nine's skunk of 17-2.

The Wildcats will play the third-place Martin-Rockwell squad in a sudden death game. Winner of that contest and the Elks-Bombers fracas will hold a three-game series to decide the final Penn-York League championship.

Williams' Feud With Fans Is Extent of Red Sox Fight

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—Of the clubs who have finished behind the Yankees in the first division season in and season out, the Red Sox have the least excuse.

If money could have done it, the Red Sox would have won as many pennants as the Yankees.

No owner ever was quicker with a buck than Tom Yawkey. The Boston club has been well patronized through the years by fans as rabid as the newly developed variety in Milwaukee.

Yet an American League flag hasn't flown over Fenway Park in 10 years, or since unprecedented strength early in the season enabled the Red Sox to practically run away and hide in 1946, before professional baseball had fully shaken its war legs.

The Hub had waited 28 years for that one, and Yawkey gave Back Bay its new deal in 1946.

THE RED SOX were in the thick of things until the last three weeks a year ago, and with the acquisition of the veterans, Bob Porterfield and Mickey Vernon, were expected to come on this trip. But here they are the same old frustrated outfit in the dog days.

There are several reasons why the Red Sox are no longer expected to make a real run at the Yankees. There is the perennial infield problem, among other things, and Ted Williams is too busy fighting the Boston baseball writers and fans for the Red Sox to fight the opposition.

"Williams comes into the dugout and starts one of his tirades and everybody bogs down," says one of the older members of the party. "For years it has been demonstrated that Williams, despite his big bat, cannot take the club all the way. Playing strictly for himself, he leaves the club without a leader."

"A MOVEMENT led by Williams bars baseball writers from entering the Red Sox dressing room for two hours before a game and 15 minutes after.

"Because Jim Piersall said he would be pleased to see and talk with the writers at any time, Williams doesn't speak to the fighting member of the club, who is enjoying his biggest year."

"Williams seems to resent the fact that Piersall is given credit for protecting him on the left side in the field."

BOSTON PLAYERS rarely discuss baseball away from the park and little of it there, say close followers of the club.

"Williams speaks angrily of those — in the press box, but never about beating that Mickey Mantle and the rest of the Yankees," points out the old Red Sox attaché.

"Losing a tough game never seemed to mean much to him. While a pitcher sat there in the dumps, he'd comment on how well he hit a couple of balls."

"As much as I dislike to say it, this spirit, or lack of it, appears to have permeated the Red Sox."

"The club lacks fight. Let one Yankee put up an argument, and they're all in it. When one of our guys gets in a ribbing, he beats alone."

Williams everlastingly talks of his goals—so many runs-batted-in, so many home runs, lifetime batting average, etc.

That's been the principal trouble with Ted Williams and the Red Sox.

They've forgotten the club's goal, which is to win.

Matters Pertaining to Various Teaching Staffs Occupy Meet Of Northern Area Joint Board

Matters pertaining to the various teaching staffs for the 1956-57 term occupied members of Northern Area Joint School Board at their August session.

Malcolm W. Allen, Sugar Grove resident and graduate of Roberts Wesleyan College, was employed to teach grade six at the Lander School. Mr. Allen is a graduate of Sugar Grove High and served two years in the Army.

One teaching position remains to be filled, an instructor of commercial studies still being sought. Designation of substitute teachers was considered, with Mrs. Jess Connolly, Mrs. Ruth Beckwith, Mrs. Merrill Livezey, Mrs. Cecil Cowles, Mrs. Adelaide Swanson, Mrs. Grace Sumner, and Merle Russell substituting for elementary schools; Mrs. Livezey, Mrs. Frances Bauer and Mr. Russell, high school.

Additional personnel problems centered about the cafeteria in the new Eisenhower High School, with Mrs. Floyd Marsh, Lander, employed to serve as manager; Mrs. Calvin Gage and Mrs. Harold Briggs, Chandler's Valley, Mrs. Evelyn Haller of Akeley, and Mrs. Everett Bowers, Lander, secured as workers; Mrs. Marian Van Ord and Mrs. Bessie Knapp of Lander, Mrs. Mary Schreengost, Russell, substitute workers.

At the same time, it was officially decided organization of the cafeteria to accommodate extra-school groups in the area will be postponed for the present. It was felt such groups could not be adequately served until building facilities have been completed and all equipment installed.

John Stewart, building committee chairman, and Norge Luvison, building representative, presented an extensive report on progress at the new building.

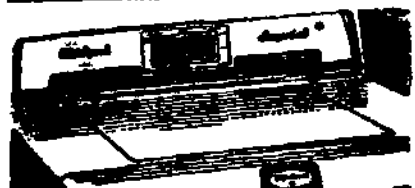

LaVerne Decker, bus contractor, reported receipt of four new GMC buses to be used this year in transporting pupils. Mr. Decker and son, Gail, were successful bidders on seven bus routes which will serve Farmington and Sugar Grove townships.

The supervising principal's report, given by Everett Landin, called attention to a recent change in state regulations which govern the vocational-industrial course and its possible effect on Northern Area's curriculum was studied. A contract which will permit NA schools to cooperate with Edinboro State Teachers College in the training of student teachers was reported being processed in Harrisburg.

A detailed report of each district's financial obligations for the entire 1955-56 academic year was presented in table form, as prepared in the secretary's office. A further item concerned a survey of a number of the district teachers' certification status and explanation of what these changes will mean to the district.

President Travers Stohlberg conducted the formal business session Secretary Hazel Kays reading minutes and presenting for approval bills amounting to \$1,527.01 for the grade schools, \$4,452.24 for the high school. It was also announced the annual rental payment toward the cost of the new building is due September 15 and districts were notified to plan to meet it.

Other decisions included postponement of opening dates for fall classes, September 12 for grades and September 14 for the high school; approval of bus drivers, purchase and installation of new equipment in the new building; al-
